

SUNGROW ENERGY STORAGE SYSTEMS Makes The Power Interconnected

Residential Hybrid Single Phase Inverter for Low Voltage Battery

SH5K-30

Uninterrupted power

Uninterrupted backup power supply;
transition period less than 20ms.

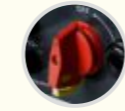

Save \$

In-built Energy Power Supply (EPS) box and DC switch-d disconnector compliant with AS/ NZS standards; saves installation time, costs and get full 10 year warranty.

EPS box

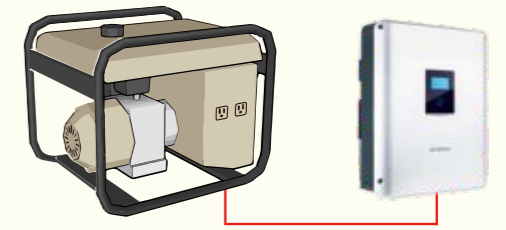

DC switch

Off-grid friendly

Easily pairs with diesel generators and existing PV plant in off-grid mode
World's first hybrid inverter to support frequency shifting.

VPP compatible

Compatible with leading VPP platforms for energy trading; quick charge / discharge meeting VPP requirements.
